Dear Friends,

We are women – of every age, of every interest, of every status. We are resourceful and innovative and have been a vital part of Fairmount Temple for 110 years! We support, we encourage, we empower; we are doers, thinkers, learners, leaders; We are the women who make things happen, who perceive a need and address it, who dream a possibility and then live it! We are the women of this congregation, we are the proud Women of F.T.

You are already one of us, now make it official – I have! I look forward to seeing you at any number of our activities in the fall and throughout the year.

Cantor Sarah J. Sager
